

**Name:** Molly Brooke Palmer

**Organisation:** Independent artist

**Name of piece:** Pathways

**Medium:** Collage and Illustration

**Date created:** 7 May 2024

**Caption:** A collage piece exploring the different ways we can work with nature to capture carbon. It includes images of natural carbon storage solutions, such as wetlands, trees, fungi, miscanthus grass, and soil. It also includes illustrations of kelp forests and forage pea 'green manure' cover crop.
